Dear Father God,

Thank you for our school who holds us, our staff who teach us, our friends who support us, our families who love us and our community who champion us-we are all Jesus' precious gems and we will reflect His light as we learn.

With compassion in our hearts, help us to embody our school values of kindness, creativity and respect because,

in showing kindness, we will bring happiness to others and make them smile,

in showing creativity, we will inspire others to see things in different ways and to rise to the challenge,

and in showing respect, we will make people feel special and earn their respect in return.

Let these values shine within us today and evermore as we learn together at Hintlesham and Chattisham Church of England Primary School to be the very best we can be.

Amen
