“Jesus is the light of the world ... we are gems that reflect his light as we learn.”  
The Christian Bible talks of God seeing humans as his jewels in the making (Malachi 3:16-17).

## Diamond Class Assembly

Diamond Class held their class assembly this morning to a limited audience under strict covid rules. Thank you to all those parents that attended and supported us with this, it was lovely to see you there.

Diamond class led us on a tour of some of their key learning this term. They shared work they had completed which included:

- Formal letters to Boris Johnson regarding COP 26 where PSHE was combined with English.
- Double-paged spreads about hexapods from their Pandora unit in English.
- Demonstrating how light travels in straight lines from their Science work which included uses for periscopes.
- Combining singing and sign-language for a performance of “Living on a Prayer” by Bon Jovi to reflect their learning in music.

The assembly was concluded with the school prayer.
