

Parking Outside of School

As you are aware parking outside our school is limited and very congested. In order to reduce traffic congestion and the risk to pedestrians, there is a parent on duty at the gate on each day of the week.

The volunteers will ensure your child is safe on the playground prior to school start. Following a report of a near miss this week from a member of the public, we request parents utilise the community carpark and walk to school. This will alleviate congestion and provide a drop off point for children. Parents using the drop off option are kindly reminded to keep double yellow lines and zig zag lines clear at all times.

Maths Mastery Workshop

Emerald Class are using Maths Mastery to develop a range of maths skills and strategies to solve maths problems. Mr O'Malley will be holding a maths workshop where you will have the opportunity to learn and practice the strategies the children are using. It is intended to conclude the session with the children who will work with parents to solve maths problems.
