

School Vision

“Jesus is the light of the world ... we are gems that reflect his light as we learn.”
The Christian Bible talks of God seeing humans as his jewels in the making (Malachi 3:16-17).

Welcome Back

What a super first week back we have had in school. It has been wonderful to see happy smiling faces returning and laughter being heard once again across the school. The children have worked hard to pick up from where they had finished with their remote learning last Friday, which has only been possible because of your dedication and commitment to support your children and us as a school community. Thank you.

World Book Day

On Thursday 4th March we celebrated World Book Day while learning remotely. We were joined via Google Meet by the local author Lisa Thompson to talk to the children about life as an author and also about the books she has written. The children asked many super questions which Lisa enjoyed answering. Many of the older children have also been inspired to begin to read some of Lisa's books too. Reading books by a variety of authors is always a decision that will move their reading on, but often is one of the things they are more reluctant to participate in. So events like this really support the reading culture in school.

Other activities across the school included designing a board game about books, writing questions to answer about books, quizzes, dressing up, jam jar competition, retelling stories, book bingo and creating pop-up books. We certainly kept everyone busy!

Thank you

Before Christmas we collected on behalf of the Children's Society with Christingles and I am delighted to let you know that we raised £120. Thank you so much for all of your generous donations.
