Toothbrushing Champions

In school some children in Ruby and Emerald class have been part of a project to support the brushing of teeth. This means that each day, after lunch, they have brushed their teeth together while learning about the reasons for this as well as practising the correct technique. It has certainly left us with a minty fresh smell in school!

Competition Success

Mrs Death has been busy entering competitions on behalf of the school and we have won two of them!
The first was a fabulous prize of £2000 worth of books and a Scientific pack which included a microphone and microscope. We have added a sticker to the reverse of these books to identify them, so watch out for this with the books your child brings home. We have also asked the children to complete a book review to make recommendations to their friends and to provide feedback to the company. We have been impressed with the variety of both fiction and nonfiction books as well as books that we can use as a focus for the whole school in Collective Worship.
The second competition was for five broad leafed trees and ninety hedgerow whips which we have planted in either tubs or out in the grounds under the guidance of Mary Williams.
