

Hintlesham and Chattisham C of E Primary School

Pupil premium strategy statement 2022 - 2023

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Hintlesham and Chattisham C of E Primary School
Number of pupils in school	78
Proportion (%) of pupil premium eligible pupils	18%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022 to 2024/2025
Date this statement was published	December 2022
Date on which it will be reviewed	July 2023
Statement authorised by	Deborah Jackson Headteacher
Pupil premium lead	Deborah Jackson Headteacher
Governor / Trustee lead	Deborah Bennett, lead for disadvantaged pupils

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£13,440
Recovery premium funding allocation this academic year	£2,000
School Led tutoring Funding	£1134
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£16,574

If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics and

	reading than their peers. This negatively impacts their development as readers.
2	Internal assessments and observations indicate that writing attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils.
3	Internal and external (where available) assessments indicate that maths attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils. On entry to Reception class in the last 3 years, between 75 - 100% of our disadvantaged pupils arrive below age-related expectations.
4	Our assessments and observations indicate that the education and well-being of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations, especially in writing.
5	Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils, notably due to anxiety. These challenges particularly affect disadvantaged pupils, including their attainment. Teacher referrals for support have markedly increased during the pandemic. 8 pupils (2 of whom are disadvantaged) have require additional support with social and emotional needs. A further lunchtime wellbeing group for drop ins has also been established.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved phonics attainment among disadvantaged pupils.	Year 2 phonics screening 2021 shows that more than 95% of disadvantaged pupils met the expected standard. Year 1 phonics screening 2022 show that more than 90% of disadvantaged pupils met the expected standard.
Improved reading attainment among disadvantaged pupils.	KS2 reading outcomes in 2024/25 show that more than 75% of disadvantaged pupils met the expected standard.
Improved maths attainment for disadvantaged pupils at the end of KS2.	KS2 maths outcomes in 2024/25 show that more than 79% of disadvantaged pupils met the expected standard.

<p>To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.</p>	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none">• qualitative data from student voice, student and parent surveys and teacher observations• a significant reduction in anxiety type behaviours• a significant increase in participation in enrichment activities, particularly among disadvantaged pupils
---	---

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: **£13000**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Continue with the use of a DfE validated Systematic Synthetic Phonics programme to secure stronger phonics and early reading teaching for all pupils.</p> <p>We will fund teacher release time and access to the portal to support staff CPD in this area.</p>	<p>Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils:</p> <p>Phonics Toolkit Strand Education Endowment Foundation EEF</p>	1,2,4
<p>Enhancement of our maths teaching and curriculum planning in line with DfE and EEF guidance.</p> <p>We will fund teacher release time to embed key elements of guidance in school and to access Maths Hub re-sources and CPD (including Embedding Mastery training and Mastering number whole class intervention).</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:</p> <p>Maths guidance KS 1 and 2.pdf (publishing.service.gov.uk)</p> <p>The EEF guidance is based on a range of the best available evidence:</p> <p>Improving Mathematics in Key Stages 2 and 3</p>	3,4
<p>Improve the quality and quantity of social and emotional (SEL) learning through PSHE and cross curricular-lessons.</p> <p>SEL approaches will be embedded into routine educational practices and supported by professional development and training for staff.</p>	<p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers):</p> <p>EEF Social and Emotional Learning.pdf(educationendowmentfoundation.org.uk)</p>	4,5

<p>Targeted individual or small group support within whole class teaching to enhance quality first teaching.</p>	<p>There is extensive evidence that small group support raises achievement in learners to support improved academic performance. If this is combined with quality first in class teaching to allow misconceptions and difficulties to be addressed immediately and learning to move on at a faster pace this will further support improved outcomes.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</p>	<p>1,2,3,4</p>
--	---	----------------

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: **£2574**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. This will be delivered in collaboration with our local English hub.</p>	<p>Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks:</p> <p>Phonics Toolkit Strand Education Endowment Foundation EEF</p>	<p>1,2,4,5</p>
<p>Engaging with the National Tutoring Programme to provide school-led tutoring for pupils whose education has been most impacted by the pandemic. A significant proportion of the pupils who receive tutoring will be disadvantaged, including those who are high attainers.</p>	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:</p> <p>One to one tuition EEF (educationendowmentfoundation.org.uk)</p> <p>And in small groups:</p> <p>Small group tuition Toolkit Strand Education Endowment Foundation EEF</p>	<p>2</p>
<p>Providing individualised programmes for identified learners to</p>	<p>Research shows that individualised programmes for identified learners targeted at</p>	<p>1,2,3,4,5</p>

support individual needs together with the resources to embed this.	<p>their individual needs supports good progress as well as raising their self-esteem based around successful achievement.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/individualised-instruction</p>	
---	---	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: **£1000**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Provide ELSA interventions to targeted pupils to support individuals with anxiety based difficulties. Interventions will last for a period of approximately 6 sessions. Emergency slots will also be made available for any children/families in crisis situations.</p>	<p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers):</p> <p>EEF Social and Emotional Learning.pdf(educationendowmentfoundation.org.uk)</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/social-and-emotional-learning</p>	4,5
<p>Providing financial support to allow attendance at wider curricular events/activities eg residential, trips and clubs.</p>	<p>Based extensive evidence and on the needs of our individual families we have identified that financial support will allow disadvantaged children the opportunity to access the school's wider education offer.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/extending-school-time</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/extending-school-time</p>	4,5

	evidence/teaching-learning-toolkit/arts-participation https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/physical-activity	
Contingency fund for acute issues.	Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet been identified.	All

Total budgeted cost: £16574

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

We have analysed the performance of our school's disadvantaged pupils during the 2021/22 academic year using key stage 1 and 2 performance data, phonics check results and our own internal assessments.

Our assessment of the reasons for these outcomes points primarily to Covid-19 impact, which disrupted all our subject areas to varying degrees. As evidenced in schools across the country, school closure was detrimental to our disadvantaged pupils, and they were not able to benefit from our pupil premium funded improvements to teaching and targeted interventions to the degree we had intended. The impact was mitigated by our resolution to offer key worker and vulnerable children provision and to maintain a high quality curriculum, including during periods of partial closure, which was aided by use of online resources such as those provided by Oak National Academy. Our catch up programme had more impact on UKS2 pupils with SATs showing 100% good or accelerated progress for all disadvantaged pupils.

These results mean that we are not at present on course to achieve the outcomes that we set out to achieve by 2024/25 in all areas of the curriculum, as stated in the intended outcomes section above. We have therefore reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year, as set out in the Activity in This Academic Year section above.

Our assessments and observations indicated that pupil's learning behaviours, wellbeing and mental health were significantly impacted in previous years, primarily due to COVID-19-related issues. The impact was particularly acute for disadvantaged pupils. We used pupil premium funding to provide wellbeing support for all pupils, and targeted interventions where required. These resulted in fewer pupils being referred as the year progressed, less anxiety in households and easier to resolve issues arising. We are building on that approach with the activities detailed in this plan.

How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?	

Further information (optional)

Additional activity

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium. That will include:

- embedding more effective practice around feedback. [EEF evidence](#) demonstrates this has significant benefits for pupils, particularly disadvantaged pupils.
- utilising a [DfE grant to train a senior mental health lead](#). The training we selected focuses on the training needs identified through the online tool: to develop our understanding of our pupils' needs, give pupils a voice in how we address wellbeing, and support more effective collaboration with parents.
- offering a range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.

Planning, implementation, and evaluation

In planning our new pupil premium strategy, we evaluated why activity undertaken in previous years had not had the degree of impact that we had expected. We also completed a pupil premium review to gain perspective from all stakeholders. This was conducted under the direction of an external advisor.

We triangulated evidence from multiple sources of data including assessments, engagement in class book scrutiny, conversations with parents, students and teachers in order to identify the challenges faced by disadvantaged pupils. In future years we will also use the EEF's families of schools database to view the performance of disadvantaged pupils in schools similar to ours.

We looked at a number of reports, studies and research papers about effective use of pupil premium, the impact of disadvantage on education outcomes and how to address challenges to learning presented by socio-economic disadvantage. We also looked at studies about the impact of the pandemic on disadvantaged pupils.

We used the [EEF's implementation guidance](#) to help us develop our strategy, particularly the 'explore' phase to help us diagnose specific pupil needs and work out which activities and approaches are likely to work in our school. We will continue to use it through the implementation of activities.

We have put a robust evaluation framework in place for the duration of our three-year approach and will adjust our plan over time to secure better outcomes for pupils.

Numberstacks Levels of progress per child in 2021/22
